

LET'S GET ACTIVE- FORTUNE TELLER

1. Cut the paper along the dotted line.
2. Fold the paper diagonally twice to create a creased X. Unfold. (To do this step, fold the top right corner into the bottom left corner to form a triangle. Crease the fold, then unfold and repeat with the other side.
3. Fold and unfold the corners into the center. Fold the paper in half (to create a rectangle), crease the edge and unfold. Rotate it 90°, fold again, crease edge, unfold.
4. With the unprinted side of the paper facing up, fold each of the corners into the center and crease the folds. Now it's a smaller square. Flip over.
5. Once again, fold each of the corners into the center and crease the folds. Now it is an even smaller square.
6. Fold in half into a rectangle and open the outer "pockets" by inserting the thumb and index fingers into the pockets. When playing the game, move the fortune teller by moving your thumbs and index fingers apart.

HERE'S HOW TO PLAY:

1. Choose a partner. Ask your partner to pick their favorite breakfast character.
2. Spell the character's name, opening the fortune teller up-down, then right-left with each letter.
3. Ask your partner to choose a number on the inside. Count the number as you move the fortune teller back and forth.
4. Ask your partner to choose another number on the inside. Open the fortune teller and read the fortune under that number and follow the instructions.
